Mount Vernon Gardens is the perfect setting for a photo of 1961 Hello Charley Royal Court members Dolores Barkdoll, Annette Desler, and Norma Korff.

1961 Hello Charley Royal Court Elected For Coronation Ceremonies

The members of the 1961 Royal Court for the Hello Charley Queen Coronation have been selected in an all-Works election held May 17. Dolores Barkdoll, (442), Annette Desler, (333), and Norma Korff, (424), have been selected by employees of the Omaha Works as this year's Court.

One of these three lovely ladies will be crowned the 1961 Hello Charley Queen in an impressive ceremony to be held June 10 in the appropriate locale of the Royal Grove at Peony Park. The other two will be Her Majesty's attendants for the coming year.

As in the past, the name of the Queen will be a closely guarded secret until the actual Coronation

ceremony begins during the intermission of the Coronation Dance.

During the few remaining days before the "Big Night," Dolores, Annette, and Norma will be busy with final fittings for their royal attire, selecting shoes, and making those last minute preparations.

Even though they will be quite busy, these three princesses still have time to wonder which of them will wear the crown to be relinquished by reigning Queen Mary Jo Sterba, (421).

Dolores Barkdoll, a coil winder in the wire spring relay assembly and adjusting department, will be the second Omaha Works' queen to have two young children should the crown be placed on her head.

Benson High graduate, Annette Desler, a calculating machine operator in the cable Works service, engineer of manufacture, plant accounting and bulletin cost department, will be the second Queen to work in the Administration Building should her name be announced as the new monarch.

Norma Korff, secretarial-steno of link and connector frame wiring and testing, will have the distinction of being the first Queen to have taught school prior to joining the Company if the symbols of royalty are bestowed upon her.

They, like everyone else, can only guess and hope until the official

announcement is made proclaiming the new Queen.

This year's Hello Charley Committee, headed by John Pappas, (724), have gone all out to make this the most memorable of Coronations in the Work's history. Changes in the method of presentation of the Court and of the actual Coronation ceremony itself have been made. These, too, will be a welcome surprise to those attending the dance.

The dance and Coronation ceremony will be held from 9 p.m. to 1 a.m. in the Royal Grove at Peony Park. Jack Swanson's orchestra will provide the evening's dance music. Also on the program is a

special intermission performance of the girls' and men's octette who will sing selections in honor of Her Majesty. Tickets may still be obtained from Weoma Club representatives or at the Weoma Club office. For those failing to obtain them before June 10, they will be available at the door.

The members of the Hello Charley Committee assisting Chairman Pappas are: Bob Anderson, (435); Kay Bowlin, (1-S); Una Bowman, (1411); Ray Graham, (326); Betty Hendrix, (421); Norma LeGrand, (442); Don Leonovicz, (775); Bill Merritt, (426); Dick Schroeder, (251), and Phyllis Stille, (265).

Western Electric Employees Offered A. T. & T. Stock

The American Telephone and Telegraph Company once again is offering Western Electric employees an opportunity to purchase stock.

This offering is of particular interest to employees not presently participating in the employees stock plan and to employees participating in the 1959 offering, the payment period for which ends in June, 1961. The two-year purchase period under the 1960 offering runs through June, 1962, and a special letter, referred to below, has been sent to employees participating in such offerings.

The price to be paid for the stock will be 85 per cent of the market price on June 28, 1963 (when the two-year installment payment period will end), but no more than \$104.87 (which is 85 per cent of the market price on the day the offering was made) nor less than \$33.34 a share. Allotments from pay will begin in July, 1961.

If an employee is not now participating in the plan, an election to purchase form, with the payroll

allotment authorization, must be signed and delivered to the payroll office by June 9.

An employee participating in the 1959 offering and remaining eligible, may continue to participate in the present offering without taking any action—and for the same number of shares he is purchasing. If he wishes to increase or decrease the number of shares to be purchased, he should sign a new election to purchase. If he does not wish to participate at all, he should give written notice to his payroll office not later than June 9.

Since the 1960 offering pay period will continue through June, 1962, an employee participating in the 1960 offering is not eligible to elect to purchase shares under the new offering unless he cancels his election to purchase under the 1960 offering.

In a letter to participants in the 1960 offering, A. T. & T. President Frederick R. Kappel says—“If you should be considering the cancellation of your election to purchase under the 1960 offering so as to be able to purchase shares under the new offering, you

Boy Scout First Aid Training Helps In Home Accident

The quick thinking and excellent first aid training of a young Boy Scout helped prevent excessive bleeding from endangering his brother's life.

Jay, age nine, and Terry, age eleven, sons of Lorraine Borman, (312), were at home with their grandmother one day last month. Jay was coming inside, when the high winds prevalent last month blew the storm door toward the lad. He reached out to stop its rapid movement toward him. His hand went through the glass resulting in severe cuts to his arm at the wrist.

Older brother Terry immediately took charge. While grandmother called the Papillion Rescue Squad, Terry applied a tourniquet to Jay's arm to stop the flow of blood. He also treated him for shock, placing a pillow under the head and wrapping his brother in a warm blanket.

By the time the Rescue Squad arrived, everything was under control. According to members of the Squad, it was one of the best jobs of first aid that they had encountered in their work.

The Boy Scout's motto is “Be Prepared” and Terry Borman was when the time came he had to be.

Terry Borman (left) put his first aid training into practice when brother Jay seriously injured himself.

June Music Concert Planned

The Weoma Music Club will sponsor its first Spring Concert, June 14 and 15, in the Company Auditorium.

Both the Choir and the Band will participate in the program consisting of selections of Rodgers and Hammerstein favorites.

The Band will open the program with the musical score from the current Broadway hit “The Music Man.”

Other soloists and their selections include Lloyd Honeywell, (242), “This Nearly Was Mine” also from “South Pacific”; Dorothy Davitt, (331), “Loverly”, from “My Fair Lady”; Kenney Wild, (273), “Kansas City”, from “Oklahoma”; and Eleanor Schade, (712), “I Can't Say No”, also from “Oklahoma”.

Also featured in the Choir's portion of the program will be the

obtained at the Weoma Club Office or from any member of the Music Club. Doors open at 7:15 p.m. and the performance begins promptly at 8:00 p.m.

The Choir is under the direction of Lloyd Myers, (740), and the Band is conducted by Dwight Catlett, (722). Barney Keppers, (1961), is assistant director of both the Choir and Band.

The price to be paid for the stock will be 85 per cent of the market price on June 28, 1963 (when the two-year installment payment period will end), but no more than \$104.87 (which is 85 per cent of the market price on the day the offering was made) nor less than \$33.34 a share. Allotments from pay will begin in July, 1961.

If an employee is not now participating in the plan, an election to purchase form, with the payroll

Company, Union Sign New Wage Agreement

The Omaha Works and the International Brotherhood of Electrical Workers, AFL-CIO, signed a Supplementary Agreement covering wage increases, May 12, which was ratified by the Union membership, May 14.

The new Agreement, which became effective May 13, provides for wage increases ranging from five to ten cents an hour for hourly rated employees and employees in trades classifications represented by the Union. Upward changes in starting and job rates in the same grades and trades classifications have also been made.

Under the new agreement hourly rated employees represented by the Union enrolled in the formal training course leading to the classification of Toolmaker or Machinist received wage increases ranging from five to eight cents.

Also signed during the negotiations was a Supplementary Agreement covering Adjusted Vacation Pay for 1961.

This negotiation was the first of two such wage openers agreed upon in the contract ratified in 1960. The present contract expires May, 1963.

Since the 1960 offering pay period will continue through June, 1962, an employee participating in the 1960 offering is not eligible to elect to purchase shares under the new offering unless he cancels his election to purchase under the 1960 offering.

In a letter to participants in the 1960 offering, A. T. & T. President Frederick R. Kappel says—"If you should be considering the cancellation of your election to purchase under the 1960 offering so as to be able to purchase shares under the new offering, you should note carefully that the maximum price of \$74.80 for shares under the 1960 offering is considerably lower than the maximum price of \$104.87, under the new offering."

Weoma Club Elects Officers

New officers and directors have been elected for the Weoma Club. Serving as the president for the coming year will be R. W. "Bob" Dunn, department chief of production control, ordering and stranding. He succeeds Bob Metz, assistant superintendent of merchandise and service.

Larry E. Hooker, (423), assumes the duties of first vice president, and Una Bowman, (1411), will be second vice president. Bill J. Tiedeman, (333), has been elected as treasurer. Their terms of office are also for one year.

Directors elected to serve three year tenures of office are Darlene Fletcher, (313); George E. Rosness, (731), Dave Van de Water, (263); and Bill A. Peterson, (444).

The new officers and directors take office July 1.

Other directors are: Peggy Reed, (429); H. A. Peterman, (429); L. O. Pettersen, (272); W. D. Kirk, (243); F. L. Kemper, (724); P. A. Lange, (313); L. Kotarek, (437); and H. L. Wagner, (744).

June Music Concert Planned

The Weoma Music Club will sponsor its first Spring Concert, June 14 and 15, in the Company Auditorium.

Both the Choir and the Band will participate in the program consisting of selections of Rodgers and Hammerstein favorites.

The Band will open the program with the musical score from the current Broadway hit "The Music Man".

Guest soloist Jona Doxon, assisted by the Choir, will sing "Wonderful Guy" from the popular Broadway play and movie "South Pacific".

Other soloists and their selections include Lloyd Honeywell, (242), "This Nearly Was Mine" also from "South Pacific"; Dorothy Davitt, (331), "Lovely", from "My Fair Lady"; Kenney Wild, (273), "Kansas City", from "Oklahoma"; and Eleanor Schade, (712), "I Can't Say No", also from "Oklahoma".

Also featured in the Choir's portion of the program will be the musical numbers by the Girls' Sextet, Men's Quartet, and Girls' Quartet.

Admission to the Concert is free, but those attending must present an admission ticket which may be

obtained at the Weoma Club Office or from any member of the Music Club. Doors open at 7:15 p.m. and the performance begins promptly at 8:00 p.m.

The Choir is under the direction of Lloyd Myers, (740), and the Band is conducted by Dwight Catlett, (722). Barney Keppers, (1961), is assistant director of both the Choir and Band.

Toastmasters Host "Parents"

The Weoma Toastmasters Club had some very special guests at their regular meeting, May 16. Invited to hold a joint meeting with the local group was the Business Men's Toastmasters Club of Omaha.

The Omaha Club was instrumental in the organization of the Weoma Toastmasters, and this "visit" gave the "parent" an opportunity to see how their "child" was doing on its own.

Held at the Ranch Bowl, the evening's program featured speakers from both clubs.

Services Held For Martens

Funeral services were held Sunday, May 7, for Raymond W. Martens, (423), at the Lawson Funeral Chapel in Fremont.

Raymond, who joined the Company November 16, 1959, is survived by his two sons, Marlin, age four, and Arlin, age two; his parents, Mr. and Mrs. Raymond E. Martens; two sisters, Eloise and Sherry; and a brother, Larry, all of Fremont.

Burial was in Memorial Park Cemetery in Fremont.

New officers and directors who will take office July 1 are (front row, left to right): Bob Dunn, Larry Hooker, Una Bowman, and Bill Tiedeman. Back row: Dave Van De Water, Darlene Fletcher, Bill Peterson, and George Rosness.

Paul Ryan (271) shows what would have happened to salvable materials had they not been sorted from rubble.

Tuition Refund Plan Helped Earn Degree

When the June graduates at the University of Omaha proudly don their caps and gowns this year, among them will be George C. Parkerson, product quality checker in the quality assurance department.

Shortly after joining the Company in 1958 at the Omaha Works, George applied for college enrollment under the Company's College Tuition Refund Plan to complete requirements for his degree. Since that time he has been attending the University of Omaha in off-work hours earning credits toward his bachelor of arts degree in economics which will be awarded him

tuitions have been paid this semester by the Works to further these employees' educations.

The Tuition Refund Plan is intended to encourage employees to obtain formal education that is

Scrap Losses Mean Dollar Losses For Company And Employees

Have you ever thrown away five or ten dollar bills? Do you make a practice of daily burning up random dollars lying around the house?

In all probability it will be safe to state that no one throws away money or burns it.

The Omaha Works could be termed "our home away from home." At least forty to sixty per cent of the time one is awake is spent at work. But conditions at this "home" differ in several respects. And one which is of great concern is that of throwing away and burning up "money".

What is this "money"?

Well, it takes many forms. It can be that piece of wire with precious metal contacts you just threw on the floor. Or it could be that partially used roll of twine discarded after you finished the last tie in cable forming. Maybe it is a coil that has been slightly damaged. Then, too, it could be pieces of brass or aluminum left over from the production of an item, too small you say to be used for anything else.

These are only a few of the items that have been found discarded as trash which ultimately ends up in the incinerator.

But turn these things into dollars and cents and you come up with a startling amount of money that literally goes up in smoke never to benefit anyone.

Everyone wants more money. That is a natural human reaction. The Company is also interested in making money. But the more things thrown away that could be of value, the less profit the Company will be able to realize on its

and to be always on the alert for any wasteful practices of himself or his fellow workers.

It is a matter that is and should be of great concern to each employee as well as to management. Both are directly affected.

We can make an all-out effort to follow these easy rules:

- (1) Before disposing of an item which appears to be of no value, check it well to see if it is salvable or repairable. If it is, save it.
- (2) Be conscious of where you discard items. If it is real scrap, then put it in the

scrap container. But if it is not, put it in the container for salvage and repair.

- (3) Above all, handle the material with the same care you do your own household goods. Help prevent unnecessary loss due to repairing and scrapping of damaged product.

Each area should have containers properly marked for the disposal of waste, scrap, salvable and repairable items. Let's use them.

The "money" you save may be your own!

University of Omaha proudly don their caps and gowns this year, among them will be George C. Parkerson, product quality checker in the quality assurance department.

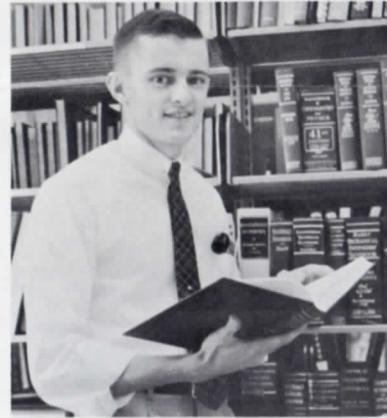

Shortly after joining the Company in 1958 at the Omaha Works, George applied for college enrollment under the Company's College Tuition Refund Plan to complete requirements for his degree. Since that time he has been attending the University of Omaha in off-work hours earning credits toward his bachelor of arts degree in economics which will be awarded him by the University this month.

The son of Geoffrey R. Parkerson, section chief of crossbar switch adjusting and testing, George has accepted an opportunity to attend the Naval Aviation Officer Cadet School at Pensacola, Florida, following his graduation from O. U. After completion of his military obligation, George plans to return to Western Electric.

George, who earned 94 hours credit, is one of one hundred and sixty-four Omaha Works employees who have participated in the Tuition Refund Plan since the first of the year. Some \$6600 in

employees' educations.

The Tuition Refund Plan is intended to encourage employees to obtain formal education that is

George Parkerson, (1961), will receive his B. A. degree from the University of Omaha this month.

related to their present job or to a job within the Company to which they might reasonably aspire.

Under the provisions of the Plan, the Company refunds half of the tuition at the time of registration and the balance upon successful completion of the courses.

items that have been discarded as trash which ultimately ends up in the incinerator.

But turn these things into dollars and cents and you come up with a startling amount of money that literally goes up in smoke never to benefit anyone.

Everyone wants more money. That is a natural human reaction. The Company is also interested in making money. But the more things thrown away that could be of value, the less profit the Company will be able to realize on its products.

This is the old Army story of supply economy. The goal desired is that the ultimate usage be gotten from whatever the item may be.

Supervisors meetings have been held, memoranda issued, and other methods have been tried in an attempt to correct the mistakes of unwise scrapping of materials. A steady decline over the past months has been observed, but we are still far from our goal.

The one sure way to overcome the situation is for each employee to become aware of the problems

Larry Ainsworth (421) sorts defective parts which are salvable or repairable.

Leagues Post Standings

Four summer bowling leagues have opened seasonal play, and as of May 22, standings were as follows:

WEOMA MIXED HANDICAPPERS

Top team: Touchables and S. & M.; High Men's Series: Jim Prater, score 532; High Women's Series: Grace Prater, score 528; High team series: Up's or Down's, score 2000.

WEOMA MIXED SUMMER LEAGUE

Top team: Top Team; High Men's Series: Dick Kirchmeyer, score 612; High Women's Series: Ruth Dages, score 568; High Team Series: Westerners and Pin Pals, score 1697.

WECO MIXED LEAGUE "A"
Top team: Famous Four; High Men's Series: Charles Schmidt, score 603; High Women's Series: Marilyn D'Agosta, score 471; High Team Series: Famous Four, score 1969.

WECO MIXED LEAGUE "B"
Top team: Jeep Bar; High Men's Series: Lee Stille, score 504; High Women's Series: Karen Huffman, score 417; High Team Series: Jeep Bar, score 1698.

Standings in the golf leagues as of May 19 were as follows:

Top team: Alley Katz; High individual series: D. Novak, score 633; High team series: Bulldozers, score 2698.

June Anniversaries

30 Glenn A. McCarty, department chief of miscellaneous apparatus and 70 type fuse, marks his thirtieth year with Western Electric on June 28.

McCarty

He was promoted to section chief in the sub-contractor service department at Hawthorne.

In 1949 he moved to Hawthorne's field service organization. Advanced to department chief of AMA cabinets and miscellaneous crossbar frames in 1955, the following year he was transferred to Omaha as department chief of the wire spring relay department.

Mr. and Mrs. McCarty live in Papillion.

25 John S. Berg, chief of the crossbar switch department, celebrates his twenty-fifth year with the Company on June 15.

He is a graduate of Morton High School in Cicero and was originally employed at the Hawthorne Works as a stock selector.

In 1943, he was named group

chief of special apparatus inspection. Four years later, he was laterally transferred to the Duluth Shops. Later that same year he was promoted to section chief.

Transferred to the Indianapolis Works in 1949, he returned to Duluth in 1952. The following year he advanced to department chief.

John was transferred to Omaha in 1958. He and Mrs. Berg live at 10533 Valley Street in Omaha and have two children.

Berg

Dostert

25 Robert E. Dostert, department chief of financial, payroll and data processing, will observe his twenty-fifth year with Western Electric on June 22.

A native of Illinois, Bob attended Wright Junior College and Northwestern University.

He was first employed at the Hawthorne Works in Chicago in 1936 as an apparatus adjuster. From 1941 to 1946 he held positions as financial clerk, teller, credit auditor, and business methods investigator.

In 1947 he was transferred to the Duluth Shops as an accountant. The next year he was named section chief of financial and office services. Back at Hawthorne from 1949 to 1952, he returned to Duluth where he was promoted to department chief of apparatus assembly in 1957. He came to Omaha in 1959.

Mr. and Mrs. Dostert have four children and live at 1705 Crawford Road in Omaha.

20 Armin F. Fick, (10), June 2.
Robert L. Barton, (332), June 13.

Walter J. Clark, (720), June 16.
Robert E. Pierson, (322), June 16.

15 Charles D. Mook, (421), June 10.

Ralph L. Taylor, (426), June 10.
Irene W. Johnson, (442), June 12.
Raymond G. Alley, (437), June 13.

Howard F. Shoemaker, (437), June 20.

Lyle A. Gardiner, (425), June 25.
Donald D. Walker, (423), June 28.

10 Neil H. Zimmer, (242) June 4.

John R. Zelenka, (429), June 18.
Manuel J. McIntosh, (422), June 25.

William F. Bort, (429), June 28.

25. He was first employed at the Hawthorne Works in Chicago in 1936 as an apparatus adjuster. From 1941 to 1946 he held positions as financial clerk, teller, credit auditor, and business methods investigator.

William F. Bort, (429), June 28.

Direct Distance Dialing Coming To Omaha June 25

On June 25th of this year, nationwide Direct Dialing will come to Omaha. This means that Omaha, Bellevue, Millard and Papillion telephone users will be able to dial many of their long distance calls throughout the United States and Canada.

The Northwestern Bell Telephone people are proud of this service improvement. This is a stride forward that they have been working on for over five years and have invested in excess of six million dollars to make possible.

Omaha is not the first area to receive DDD, as a matter of fact, the first tests of DDD began nearly nine years ago in Englewood, New Jersey. But Omaha will have

one of the most modern systems in the country.

By merely dialing the seven digit number we will be able to call many cities in Eastern Nebraska. For other towns and cities in Western Nebraska and the United States that can receive DDD calls, all that will be necessary is the addition of a three digit area code before the seven digit number. These calls will be completely automatic, including billing.

There is one exception to this, on calls from Millard and Papillion telephones, an operator will ask for your number after you have dialed a DDD call. This is for billing purposes.

A list of major points that can be dialed will be included in a Personal DDD Directory that will be mailed to all customers before the cutover.

The Area Code for Eastern Nebraska is 402 and for Western Iowa is 712. By special arrangement, Council Bluffs numbers can be dialed from Omaha without dialing an Area Code.

Calls from Council Bluffs to Omaha will be made by dialing an access code "1" (one). This immediately connects their telephone to the Omaha DDD equipment and they dial the seven digits of the Omaha number.

All station-to-station calls can be dialed direct while person-to-person calls, collect calls, calls from public telephones and other calls requiring special handling must

"Is that where they put the lines that have gone dead?"

still be placed with the long distance operator.

For customers who do not know the out-of-town number, the Bell System is working toward a centralized information service which has already been established in a number of areas. Cities having this service will be indicated in the Personal DDD Directory.

Under this method, to obtain a number, the customer can dial the Area Code for the city he wishes to reach then dial 555-1212. This will be a standard information number.

For all other cities, it is only necessary to dial "operator" and ask for Information in the distant city.

There will be no charge for either service.

Mr. and Mrs. Merl G. Mock, (433), a daughter, Wendy Sue, May 18, 1961.

Bell Telephone Hour Is Voted Outstanding Program

The National Association for Better Radio and Television has voted the Bell Telephone Hour "the outstanding entertainment program on television for the year 1960". The vote was the result of a nation-wide poll of NAFBRAT members.

In announcing the vote, NAFBRAT cited the Bell Telephone Hour for "its lively and beautiful presentation of the best of music and dance, lovingly interpreted, artfully staged."

This is the second successive NAFBRAT award won by the Bell Telephone Hour. The same award was given the series for 1959, its first year on television.

NAFBRAT, founded in 1949, has members in virtually every state of the Union.

Earlier this year the Bell Telephone Orchestra was named 1960's "best popular orchestra of the year on television" in a poll of the nation's TV critics conducted by Radio Daily-Television Daily.
